Student's Catalog Year: Fall 2018 and beyond

Total Degree Map Units: 120

Description: Accounting is the study of methods of recording, reporting, and examining financial information and the economic outlook of a business for a variety of audiences, including shareholders and auditors, employees, and economists. As the "language of business", accounting is about using numbers to make decisions, craft strategies, and shape the future of business. The Finance concentration studies corporate finance, investments, and banking.

C Critical Courses: Courses that students should complete by specific points during their degree or certificate program.

M Milestones: Conditions or activities that students should complete by specific points during their degree or certificate program.

Completing a critical course or milestone by the associated term is considered crucial to on-time graduation.

Achieving minimum grades for individual courses may not result in meeting cumulative GPA requirements for admission to programs or for graduation. Verify requirements with your academic advisor or your Academic Advisement Report (AAR).

Completing 30 credit hours each calendar year is required for full state financial aid eligibility. Be sure to complete your FAFSA before March 10 each year. If you follow your map and find a course unavailable, you may be eligible to take that course for free in a future semester.
